

Hayden Privette

Curriculum Vitae: August 2026

August 19, 2026

Education

Western Carolina University (WCU) GPA-3.92

- B.S. Mathematics (Traditional Concentration) May 2025
- B.S. Chemistry (ACS Concentration) May 2025
- * Minor: Physics

University of North Carolina at Charlotte (UNCC) GPA-4.00

- M.S. General Mathematics Ex. May 2027

Awards and Honors

- | | |
|--|----------------------------------|
| Dean's List, WCU | All Semesters |
| Chancellor List (GPA ≥ 3.8), WCU | Fall 2021, Fall 2022-Spring 2025 |
| Barry Breitenbach Scholarship, WCU | Spring 2024, Fall 2024 |
| Denver Talmage Bryson Scholarship, WCU | Spring 2024, Fall 2024 |
| Senior Mathematics Award | Spring 2025 |

Employment

- | | |
|-----------------------------|--------------------------|
| Chemistry Course Tutor, WCU | December 2022 - May 2024 |
| – General Chemistry 1 and 2 | |
| – Organic Chemistry 1 and 2 | |
| – Biochemistry | |

Supplemental Instruction Leader(SIL), WCU

August 2022 - May 2023

- Fall 2022 Calculus 1 SIL going over Calculus 1 concepts with many levels of students
- Spring 2023 Calculus 2 SIL going over Calculus 2 concepts with many levels of students

Math Tutor, WCU

February 2022 - Spring 2025

- Pre Calculus 1 and 2
- Calculus 1,2 and 3
- Abstract Algebra
- Linear Algebra
- Analysis
- Ordinary Differential Equations

Graduate Teaching Assistant, UNCC

August 2025 - Present

- College Algebra, MATH-1101

Research Projects

Spring 2023 Computational Studies of Terpyridine Derivatives for potential nuclear waste applications

- *Advisor:* Channa De Silva, Department Head, Department of Chemistry and Physics, WCU

Fall 2023 Harary Index of Hypergraph Products

- *Advisor:* Mark Budden, Professor, Department of Math and Computer Science, WCU

Spring 2024 Multicolor Ramsey Theory for a Fan Versus Complete Graphs

- *Advisor:* Mark Budden, Professor, Department of Math and Computer Science, WCU

Summer 2026 Unified Damage Modeling of Retinal Cells

- *Advisor:* TK, Professor, Department of Mathematics and Statistics, UNCC
- *Advisor:* Michael Denton, Civilian, USAF

Publications

M. Budden, H. Privette, *Multicolor Ramsey Theory for a Fan Versus Complete Graphs*, Discrete Math Letters 13(2024), 143-149. pdf

Clustering Paper. *In preperation*

Synergy Paper. *In preperation*

Presentations

March 2024 *Star Critical Ramsey Numbers of Fans versus Complete Graphs*, Southeastern Section, MAA. UT Knoxville.

April 2024 *Computational studies of uranium terpyridine derivatives for potential nuclear waste applications*, NCUR 2024. Long Beach, CA.

October 2024 *Computational studies of actinyl terpyridine derivatives for potential nuclear waste applications*, SERMACS, 2024. Atlanta, GA.

Service

KKPsi

- Assisted with set-up and running of several School of Music(SOM) events, such as All-District Band, SOM auditions, and concerts.

Chemistry Magic Show

- Assisted with set-up and running a chemistry magic show for students participating in a local Science Fair.

Clubs/Organizations

Math Club

- Vice President (Supreme Chancellor)

Percussive Arts Association (PAA)

Chemistry Club

- Treasurer

KKPsi
